MEMORANDUM FOR: Management Officer

SUBJECT: Management Survey, Liaison Branch, OCD

REFERENCE: Memorandum from Management dated 19 September

1. The above reference reached COAPS on 16 December 1949.

a. The matter of expediting material from the Joint Press Reading Service in Moscow has been investigated. Due to various local factors in Moscow and to the type of material received from this Service, electromatic type-writers with self-recording tape cannot be recommended at this time as it is thought it would be a very expensive operation to maintain at that post (both personnel and machines), and would be out of proportion to the beneficial results that might be obtained.

b. There is continuing liaison between OCD and COAPS.

c. COAPS is always ready to assist in collection efforts from non-IAC agencies as well as from IAC agencies and always keeps its channels to OCD open.

d. OCD Liaison does not need all NSC papers. If, as or when necessary, they can peruse them at COAPS' Office. Two copies of the NSCID and two copies of the DCI directives will be sent to OCD as issued.
